7) Write an essay on, "Use of Lockdown Period."

15

Name: Anuj Sapkota

Class: 8 'G'

Subject: English

"Use of Lockdown Period."

Lockdown is an emergency measure done by the government of the certain country or place for a certain time in which people can't get out of their house during the threat of danger temporarily. It was started in Nepal from chaitra 8, 2076 due to the covid-19 pandemic which has effected ~~the~~ all over the world.

Lockdown has caused many effects on the country's economic status, jobs of people, mental and physical ~~at~~ health of the people, tourism sector, etc. Many people have lost their jobs during this lockdown. And, they get in tension due to this reason. That has also been a reason for the suicide attempted by many people. This lockdown has effected the tourism sector too. As, no one can travel for one place to another in this lockdown the people who work in tourism sector are bearing a big loss. It has also created a big impact in mental health of people as they are staying in their houses for more than 5 months. Not only mental health but physical health of people is also ~~affected~~ as people can't eat balanced diet as it is not available.

By seeing in the positive side, we can use it productively too.
By keeping ourselves updated by seeing all the positive news

Subject: English

on Covid-19 which is declared by the Ministry of Health and Population (MoHP). We can spend the time with our family, too. We can use lockdown creatively by learning a new skill like cooking, learning new languages, reading books, writing books, or anything else which we want to do. We can use this period productively by writing daily journals, too. We can be fit by doing yoga and exercises in this period. We can take an example of Issac Newton, who was in his home during the pandemic Spanish flu, in a lockdown. Then he saw an apple falling down from a tree due to his curiosity of that, He discovered gravity. (am)

At ~~last~~ ^{last}, this lockdown taught us many good things, too. Lockdown taught us that we can cook food like the 'restros' in home and save our money by not buying the food from outside. We also learned that we should not throw food because finding food was very hard in the lockdown. It also taught us that we can use the technology to do the school classes online using different applications. We learned that we have to be united in hard situations, ~~and~~ too.
