of  
Science]

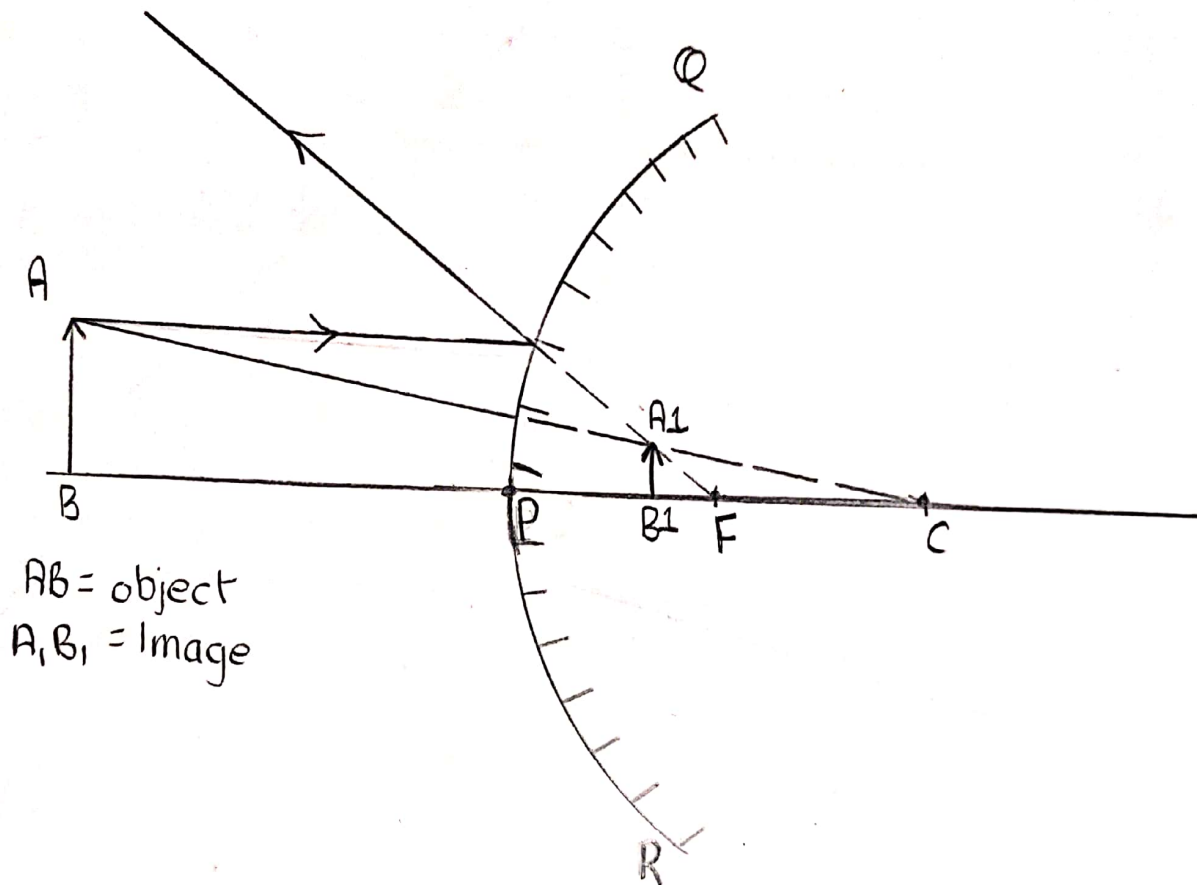

## Image formed by Plane Mirror.

Nature of image  
formed:

- Laterally Inverted
- Virtual
- Erect
- Same Size as  
the object

## Image formed by Convex Mirror.

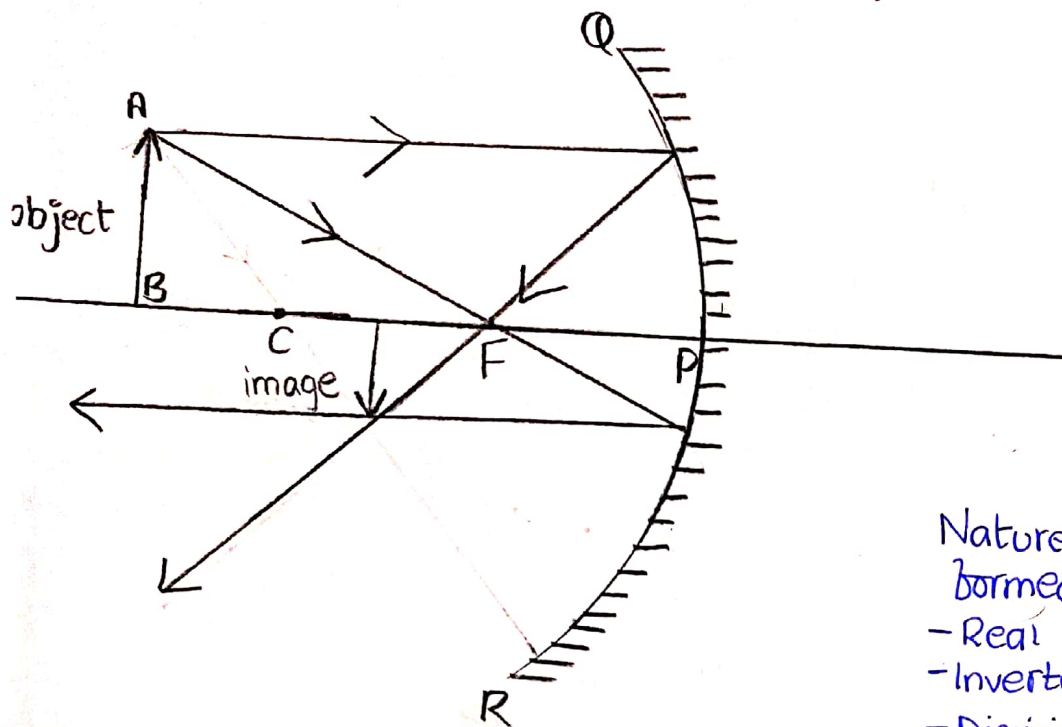

Nature of the Image.

- Virtual
- Erect
- Diminished
-

## Image formed by concave mirror.

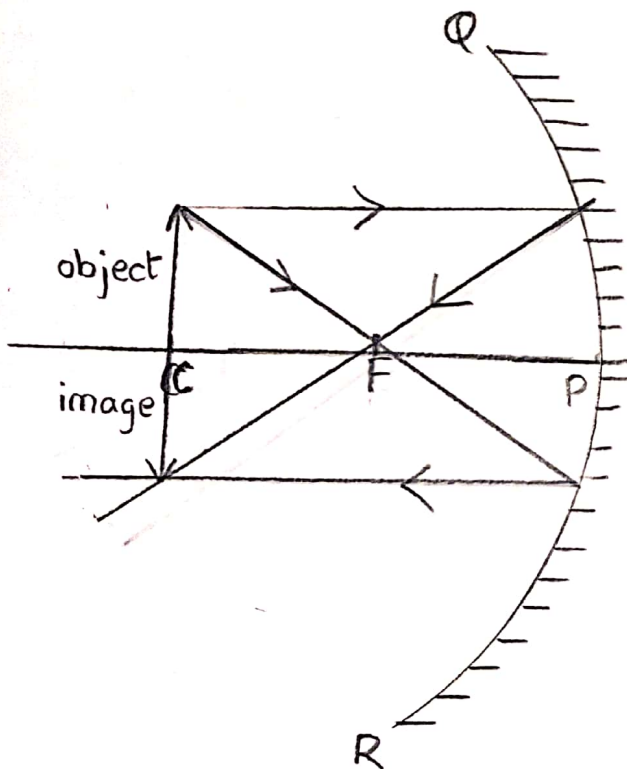

i) ~~When~~ Object beyond C.

Nature of image formed:

- Real
- Inverted
- Diminished

ii) Object at C

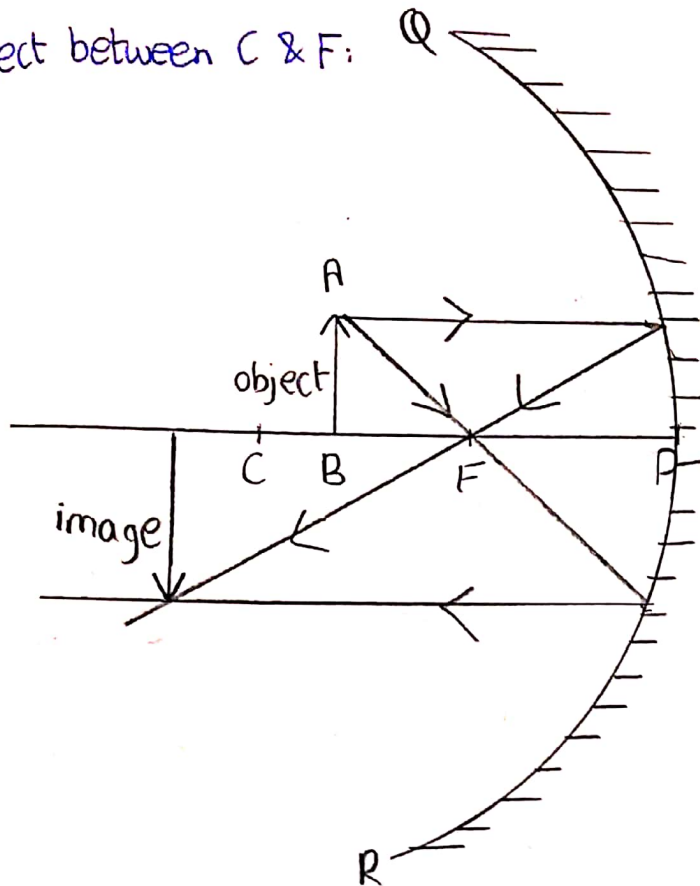

Nature of image formed:

- Real
- Inverted
- Same size as object.

## Image formed by concave mirror:

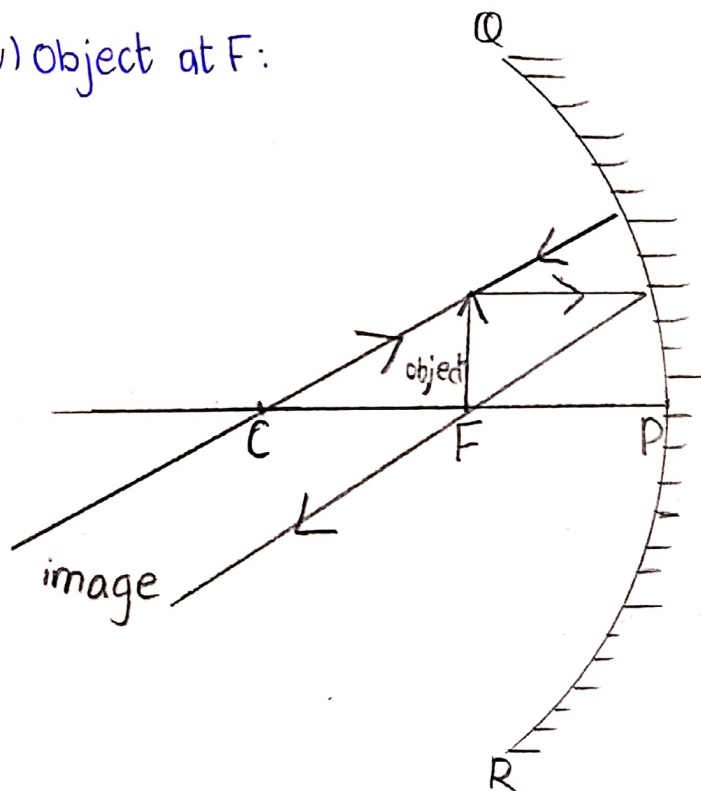

Object between C & F:

Nature of the image formed:

- Real
- Inverted
- Magnified

iv) Object at F:

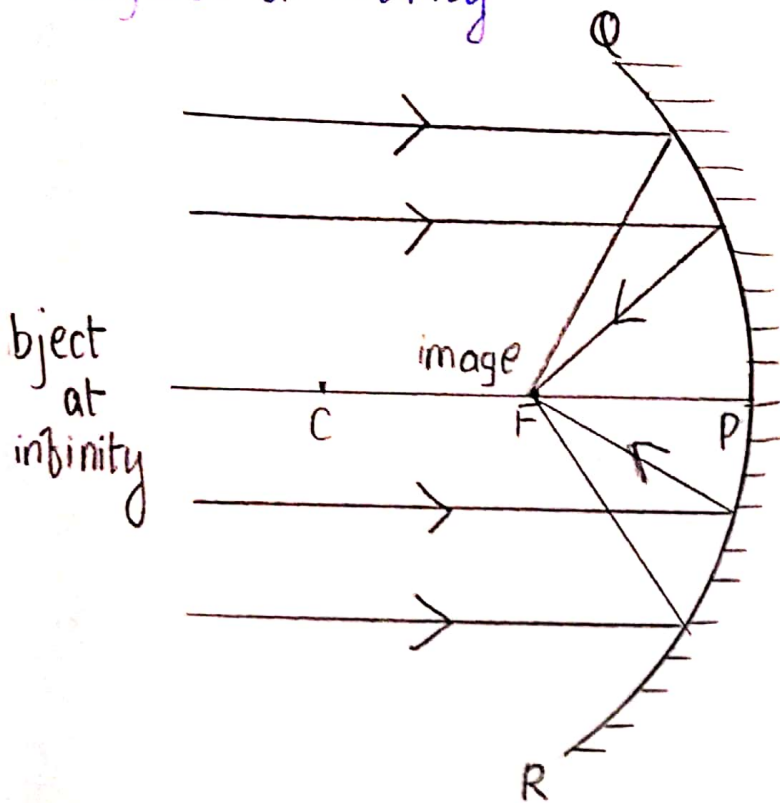

Nature of the image formed:

- Real
- Inverted
- Highly Magnified
- Formed at infinity

## Image formed by concave mirror.

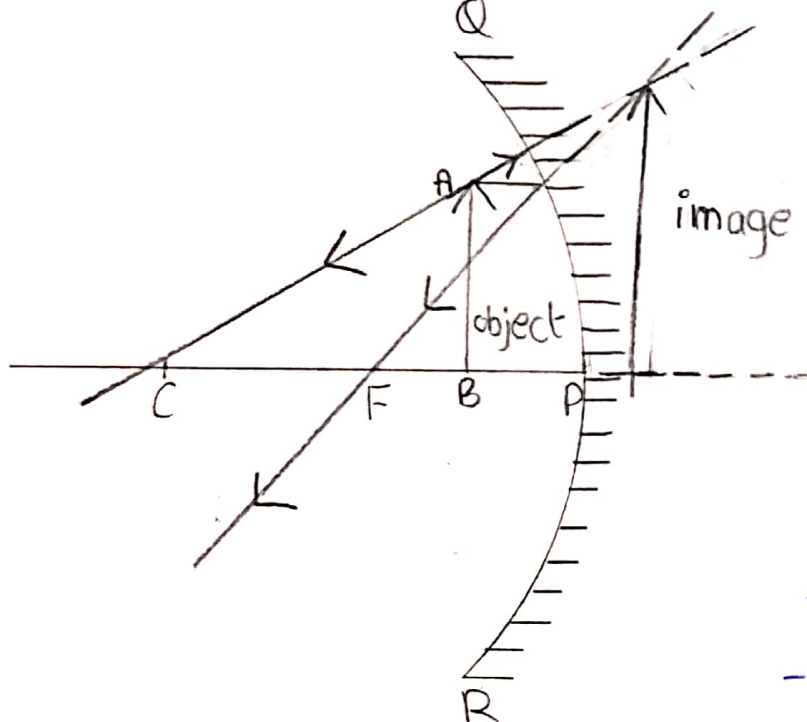

v) Object at infinity

Nature of the image formed:

- Real
- Inverted
- Highly diminished

vi) Object between P and F;

Nature of image formed:

- Virtual
- Erect
- Magnified.
